

County Council of Dorchester County
Regular Meeting Minutes
May 17, 2016

The County Council of Dorchester County met in regular session on May 17, 2016 with the following members present: Ricky C. Travers, President; Tom C. Bradshaw, Vice President; William V. Nichols; Rick M. Price and Don B. Satterfield. Also present were E. Thomas Merryweather, County Attorney; Jeremy Goldman, County Manager; and Donna Lane, Executive Administrative Specialist.

REGULAR SESSION

CLOSED SESSION

The Council adjourned from a Regular Session and convened in a Closed Session pursuant to Title 3 of the General Provisions Article of the Maryland Annotated Code, pursuant to §3-305(b)(1) to discuss the appointment, employment, assignment, promotion, discipline, demotion, compensation, removal, resignation, or performance evaluation of appointees, employees, or officials over whom it has jurisdiction; pursuant to §3-305(b)(3) to consider the acquisition of real property for a public purpose and matters directly related thereto; and pursuant to §3-305(b)(7) to consult with counsel to obtain legal advice on a legal matter.

Voting in favor of the closed Closed Session were all Council members.

REGULAR SESSION

INVOCATION AND PLEDGE OF ALLEGIANCE

Councilman Nichols led the invocation and the pledge of allegiance.

CALL FOR ADDITIONS OR DELETIONS TO AGENDA

The Council approved the following additions to the agenda: Request to advertise-Outreach Coordinator-Heritage Area Grant; Eastern Shore Innovation Center leases; and Tax sale property offers.

APPROVAL OF MINUTES- MAY 3, 2016, MAY 10, 2016

The Council approved the minutes of May 3, 2016 and May 10, 2017 with Councilman Nichols abstaining.

APPROVAL OF DISBURSEMENTS

The Council approved the vouchers as presented with Councilman Travers abstaining for payments made to Simmons Center Market.

FINANCIAL REPORT: CASH AND INVESTMENTS

Councilman Travers reported total cash and investments as \$5,576,861.74.

CLOSED SESSION SUMMARY

The County Council of Dorchester County convened in an Closed Session at 4:30 p.m. on May 17, 2016 in a closed session at Room 110, County Office Building, 501 Court Lane, Cambridge, Maryland, pursuant to Title 3 of the General Provisions Article of the Maryland Annotated Code, pursuant to §3-305(b)(1) to discuss the appointment, employment, assignment, promotion, discipline, demotion, compensation, removal, resignation, or performance evaluation of appointees, employees, or officials over whom it has jurisdiction; pursuant to §3-305(b)(3) to consider the acquisition of real property for a public purpose and matters directly related thereto; and pursuant to §3-305(b)(7) to consult with counsel to obtain legal advice on a legal matter.

Motion made, seconded and carried to conduct a closed session pursuant to the above. All members of the Council voted in the affirmative to conduct the closed session for the purposes stated above and to discuss the topics listed below.

Action taken at the closed session: 1) discussed with Sanitary Commission members infrastructure concerns relating to the Dorchester Regional Technology Park; 2) approved the request of Public Works Director to hire an individual to fill a vacant Public Works Maintenance position by a 5 to 0 vote with one written proxy; 3) approved the request of Public Works Director to hire an individual to fill a Motor Equipment Operator position in the Highway Division by a 5 to 0 vote with one written proxy; 4) at the recommendation of an interview panel and the Soil Conservation Board agreed to hire an individual to fill a vacant Soil Conservation District Manager position by a 5 to 0 vote with one written proxy; 5) based on the request of Tourism Director approved a job description for an Heart of Chesapeake Country Heritage Area Grant Outreach Coordinator and agreed to discuss a request to advertise in open session; 6) confirmed the hiring by the State's Attorney of an individual to fill a vacant Assistant State's Attorney position by a 5 to 0 vote with one written proxy; 7) discussed an economic development matter relating to a municipality; 8) discussed with legal counsel a matter relating to County owned property; 9) discussed with legal counsel leases for space at the Eastern Shore Innovation Center- agreed to consider in open session; and 10) considered offers to purchase County owned property acquired via tax sale-agreed to consider in open session.

The above information is being provided to the public pursuant to and in compliance with Section §3-306(b) and (c) of Title 3 of the General Provisions Article.

REGULAR SESSION

COMMENDATION-CORRECTIONAL OFFICER OF THE YEAR-RONDA STANLEY

The Council presented a Commendation to Ronda Stanley commending her on being named "Correctional Officer of the Year 2015."

LEGISLATIVE SESSION

The Council adjourned into Legislative Session.

PUBLIC HEARING

BILL NO. 2016-2 AN ORDINANCE CONCERNING: 2016-2017 ANNUAL BUDGET AND APPROPRIATION ORDINANCE OF DORCHESTER COUNTY

E. Thomas Merryweather, County Attorney, said this public hearing is being held on legislation to adopt the County budget consisting of an Operating Budget, the Capital Budget and the Grant Budget, for the fiscal year ending June 30, 2017 and appropriating funds for all expenditures for the fiscal year beginning July 1, 2016 and ending June 30, 2017. There were no public comments. The roll call on the enactment of Bill No. 2016-2 was as follows: Bradshaw-aye; Price-nay; Travers-aye; Satterfield- aye; Nichols-nay.

The Council adjourned into Regular Session.

REGULAR SESSION

MANAGERS COMMENTS

REQUEST TO USE COUNTY OFFICE BUILDING PARKING LOT-COURTHOUSE GROUNDS-ELECTRICAL OUTLETS-DORCHESTER CENTER FOR THE ARTS

The Council approved the request of of Barbara J. Seese, Showcase Coordinator, Dorchester Center for the Arts, to use the following County property/services for the 40th Dorchester Showcase on Sunday, September 25, 2016 from 12 p.m. to 5 p.m.: 1) the County Office Building parking lot with the understanding that it must remain a public lot; 2) the Court House grounds and electrical outlets; and 3) assistance from Maintenance.

REFERRAL TO PLANNING COMMISSION-GREENLAWN CEMETERY TEXT AMENDMENT-PLANNING AND ZONING

The Council approved the request of Rodney Banks, Assistant Planning and Zoning Director, to refer a Zoning Ordinance Text Amendment to add a cemetery, commercial human or animal, as a permitted use in the RR-RCA district by special exception to the Planning Commission for an investigation and recommendation.

INDIAN TRAIL ACRES ROAD-PUBLIC WORKS

Jeremy Goldman, County Manager, noted that the Council has been provided information by Tom Moore, Public Works Director, about proposed improvements to Indian Trail Acres Road. He explained that in order to perform the work monies will have to be diverted from another approved project.

In response to an inquiry from Councilman Travers, Mr. Goldman said a search of archived files regarding the possible acceptance of this road into the County's system were unsuccessful. He advised that a map of the properties along the road from the mid to late 1950s was found. Mr. Merryweather explained that this is not unusual since the subdivision of this property was prior to January 1, 1970. Mr. Moore said there is one residence on this road. Pursuant to a query from Mr. Merryweather, Mr. Moore explained that some of the original 19 lots were combined into nine lots. Mr. Merryweather questioned whether each lot is buildable and the estimated annual property tax revenue. Mr. Moore and Mr. Goldman noted that portions of the property along that road are classified as non-tidal wetlands. The Council deferred this item and asked Mr. Moore to obtain the annual property tax revenue for these properties.

MIDDLETOWN SPUR-PUBLIC WORKS

Mr. Goldman referenced the information Mr. Moore provided Council on possible ways to open the Middletown Branch which no longer flows freely and as a result water lays on the road, particularly at the Middletown Spur. Mr. Moore noted that the water is usually three to four inches lower than the road surface on the north side receiving end and more specifically on the forest side.

Mr. Moore stated that blocked branches on private property are the cause of the flooding in response to an inquiry from Councilman Travers. He said it is difficult to determine waterflow since visibility from the roadway is limited. He questioned the viability of obtaining permits in light of current State regulations. Pursuant to questions posed by Councilman Travers, Mr. Moore advised that: 1) the spur is 14 feet wide; 2) the road surface consists of tar and chip; 3) grain truck drivers have difficulty navigating the Middletown Branch/Drawbridge intersection so they use Middletown Spur; 4) the grain trucks utilize the lowest point of the spur to navigate a sharp turn; 5) the majority of the runoff is field drainage; 6) two culverts cross Middletown Branch; and 7) multiple trees are down on the forest side of the spur which may be a factor in blocking the flow of the branches.

Councilman Satterfield said clarification should be obtained on whether permits can be obtained prior to any decision to make improvements. He suggested another road be identified or modified for use in that area by grain truck drivers. Councilman Bradshaw expressed his understanding that the spur was created because a 40 foot trailer cannot maneuver around a 90 degree turn onto Drawbridge which also has a "Y" in the middle and a ditch. Councilman Bradshaw said school buses utilize Drawbridge Road and not Middletown Branch in response to an inquiry from Councilman Satterfield.

Libby Nagel, resident, showed the Council pictures of the Middletown Spur after a major rain event. She expressed her understanding that there was a ditch alongside the spur and cleaning the culvert in that area may increase waterflow. Mr. Moore noted that silt and soil from an adjacent field flow into the culvert. Ms. Nagel suggested the placement of signage along the side of the road to discourage use of the area for four wheeling. She said the main issue is beaver management, noting that Secretary Joseph Bartenfelder, Maryland Department of Agriculture and Secretary Mark Belton, Maryland Department of Natural Resources have visited the site. In response to a query from Councilman Travers, Ms. Nagel said they are willing to

work with the property owners on beaver management. She noted that U.S. Fish and Wildlife Services personnel also viewed the area this week. She said the three private land owners are working on a solution with these entities. She expressed her opinion that the beaver issue must be addressed first.

The Council agreed that signs should be installed in the location Ms. Nagel suggested and the culverts should be cleaned. The Council acknowledged that Ms. Nagel will advise them when beaver management has been completed.

TRAFFIC SAFETY COMMITTEE DISCUSSION-RECOMMENDATION

Mr. Goldman noted that the Traffic Safety Committee members met on April 15, 2016 to discuss the request of Mr. and Mrs. McCoy for the installation of speed bumps on Dolby Farm Road. He said they are recommending the reduction of the speed limit on the road and encouraging enforcement as an alternative to speed bumps. He explained that the installation of speed bumps would be unprecedented and an amendment to the County Code would be required.

Councilman Price said Committee members discussed with Mr. and Mrs. McCoy their request. He referenced past discussions regarding requests for the installation of speed bumps, including one from the Town of Vienna, which were denied. He said during those discussions the Committee members learned that snow plow discs are hampered by the placement of speed bumps, particularly on narrow roads. Mr. Moore noted that resources are not available to maintain the speed bumps. Mr. Goldman expressed his understanding that they also cause damage to emergency response vehicles.

The Council approved the Traffic Safety Committee's recommendation.

PUBLIC HEARING-SCHEDULE OF FEES

Mr. Merryweather said a public hearing is being held on the amendment of the County Schedule of Fees to change various fees for various County services, effective beginning the 1st day of July 1, 2016. There were no public comments. The Council adopted a resolution to change the County Schedule of Fees as proposed with Councilman Price opposing based on concerns he had heard about increased fees for mosquito spraying and copy fee increases.

The Council adjourned the public hearing.

PUBLIC HEARING – FY17 COMMUNITY DEVELOPMENT BLOCK GRANTS

Cindy Smith, Grant Monitor, said a public hearing is being held as part of the application process for FY17 Community Development Block Grant (CDBG) funding. She stated that the federal Department of Housing and Urban Development has awarded Maryland \$7.2 million of which \$4.7 million during this round will be awarded statewide. She advised that the Community Development Block Grant is administered through the Maryland Department of Housing and Community Development (DHCD). She explained that the public hearing is designed to allow citizens to have an opportunity to discuss proposed projects and to provide input on other needs

that they would like the Council to consider sponsoring for grant application. Ms. Smith further explained that the County is not applying for any direct funding this round. She said two entities are seeking County's sponsorship for grant applications in the form of the adoption of a resolution of support and representatives are present from each of them. She advised that the applications are from Habitat for Humanity Choptank's (Habitat) which is seeking \$350,000 to provide housing rehabilitation throughout the County and from Alpha Genesis Community Development Corporation's (Alpha Genesis) for \$390,000 for property acquisition and rehabilitation.

Rhodana Fields, Neighborhood Revitalization Manager, Habitat, explained that their proposed project, creating a repair program, is in response to the County's Housing Study that was presented earlier this year. She stated that they are focusing on the residences designated "at risk" in that study. She noted that the majority are in Ward 3 in the City of Cambridge; therefore, applicants from this area will be given priority. Ms. Fields advised that: 1) they expect to be able to complete 32 repairs; 2) funds are going directly to repairs; 3) Habitat is providing project management and administrative support as in kind donation; 4) Maryland Energy Administration funding Habitat was awarded will also be utilized.

Councilman Nichols questioned whether the City of Cambridge contributed funding towards this project. Ms. Fields expressed her understanding that the City's CDBG allocation cap has already been met. Ms. Smith said in a newspaper article it was noted that the City submitted a CDBG application for the entire allocation to utilize for infrastructure projects on High Street and in particular, the block that includes the post office. Ms. Fields explained that municipalities are no longer eligible for housing rehabilitation funds through CDBG.

Councilman Price inquired as to whether funding may be available for a community center in the northern area of the County. Ms. Smith asked him to refer anyone interested in seeking CDBG funding this round to her, noting they can also apply during the next round. She explained that applications are due June 3, 2016 and if necessary, a phone poll can be conducted to obtain a resolution of support from the Council.

Ms. Smith introduced Jermaine Anderson, Co-Founder/Executive Director, Maryland Chapter, Alpha Genesis. Mr. Anderson thanked the Council for the opportunity to present information on Alpha Genesis' proposed plans to reuse the old child care center on Elm Street (508 Elm Street), which was vacant for approximately 15 years, with an intention of turning it into a training center targeting low to moderate income individuals. He said one of their goals is to eliminate blight by renovating the building. He explained that the following services will be provided from that location: 1) housing counseling services to promote and encourage homeownership and leasing property with the hope of rebuilding communities such as the State designated Maple Street area which is located in Wards 3 and 4 in Cambridge; 2) youth development programs; 3) small business and micro business start up program; and 4) nonprofit training. He advised that they are also seeking a partnership with a post-secondary education entity to establish a Youth Build USA branch in the County. He stated that through Youth Build USA young adults who have dropped out of high school are provided assistance to obtain a GED and receive training in certain trades. He advised that Alpha Genesis' would focus on construction and food service training.

There were no other public comments. The Council adjourned the public hearing and agreed to adopt resolutions of support for the FY17 Community Development Block Grant applications to be submitted by Habitat for Humanity Choptank and Alpha Genesis Community Development Corporation.

MARYLAND AVIATION ADMINISTRATION SPECIAL GRANT APPLICATION- AUTOMATED WEATHER OBSERVATION SYSTEM-AIRPORT

Meighan Chisholm, Airport Manager, summarized his request for authorization to submit a Maryland Aviation Administration Special Grant Application for funds to replace the 16 year old Automated Weather Observation System at the Cambridge-Dorchester Regional Airport, with a 75% MAA and 25% County commitment. He explained that this equipment must be utilized in order to obtain Federal Aviation Administration certification. The Council approved Mr. Chisholm's request.

FY17 NOXIOUS WEED CONTROL COOPERATIVE AGREEMENT-MARYLAND DEPARTMENT OF AGRICULTURE

The Council approved the written request of James Eichhorst, Deputy Secretary, Maryland Department of Agriculture, to execute a FY17 Noxious Weed Control Cooperative Agreement between the Maryland Department of Agriculture and Dorchester County with no funds being provided by the County or the Maryland Department of Agriculture for the control and eradication of specific noxious weeds (johnsongrass, shattercane, thistles, multiflora rose) for the period of July 1, 2016 through June 30, 2017.

2017-2026 SOLID WASTE MANAGEMENT PLAN WORKGROUP RECOMMENDATIONS

Mr. Goldman said he has provided Council recommendations on establishing an advisory workgroup for the 2017-2026 Solid Waste Management Plan for which a consultant has been hired to prepare based on its prior decision to consider forming this workgroup. He said the recommendations include: 1) this workgroup will act in an advisory role to work with Public Works Department staff to provide information only; 2) membership will consist of one person per District; 3) the workgroup will elect a chair and follow the same standard board procedures as defined by Robert's Rule of Order; and 4) once the plan has been adopted by Council the workgroup will be disbanded.

Councilman Price's made a motion to approve the recommendations with the addition of an alternate for each District and reconsideration on whether to disband or continue the workgroup. Ken Heesh, resident, expressed support of this modification. He said he has served on landfill committees in the past and there were frequent issues regarding attendance. He suggested two members per District. Mr. Heesh expressed his belief the workgroup should not be disbanded based on his understanding that periodic reviews of the County's Solid Waste Management Plan are required by State law. He said the members can provide information to the Council to view for the update. The motion failed with Councilmen Satterfield, Nichols and Travers opposing. A second motion by Councilman Price to accept the recommendations with the exception of disbanding the workgroup and agreeing to reconsider whether or not it should continue failed.

with Councilmen Satterfield, Nichols and Travers opposing. Based on a motion made by Councilman Price, the Council accepted Mr. Goldman's recommendations with Councilman Nichols opposing.

BOAT LEASE RENEWAL RECOMMENDATION-FINANCE

The Council confirmed the boat slip renewals for the period of July 1, 2016 to June 30, 2017 for the following County owned marinas at same rate: Back Creek, Elliott Island, Ragged Point, Taylor's Island, Trenton Street, and Tyler's Cove Marina. The Council also confirmed that the lease rate for boat slips at the Tyler's Cove Marina should continue to be reduced by 50% due to limited navigability in that area.

SOCIAL SERVICES BOARD APPOINTMENT REQUEST

The Council approved the request of Nicholette Smith-Bligen, Director, Social Services, to appoint Dr. Gwendolyn Handy to replace Jessica M. Dukes on the Dorchester County Department of Social Services Board.

LETTER OF SUPPORT REQUEST- MARYLAND HERITAGE AREA AUTHORITY GRANT APPLICATION-MARYLAND PARK SERVICE –TOURISM

The Council approved the request of Amanda Fenstermaker, Tourism Director, to execute a letter of support for a Maryland Heritage Area Grant application to be submitted by the Maryland Park Service for \$35,000 for yearlong activities to support the Grand Opening for the Harriet Tubman State Park and Visitor Center and National Historical Park, which will be matched by the National Park Service.

TELEPHONE POLL CONFIRMATION

The Council confirmed its decision by telephone poll, in the interim between meetings, to advertise to fill a seasonal maintenance temporary position in the Recreation and Parks Department by a vote of four.

REQUEST TO ADVERTISE-OUTREACH COORDINATOR-HERITAGE AREA GRANT

The Council approved the written request of Ms. Fenstermaker to advertise for the Heart of Chesapeake Country Heritage Area Outreach Coordinator.

EASTERN SHORE INNOVATION CENTER LEASES

Revised License Agreement-Quevera, LLC

The Council approved the request of Steve Dolbow, Incubator Manager to enter into a revised lease with Quevera, LLC, which opted to down size existing space from 535 licensed square feet, Suite #9, to 253 licensed square feet, (Suite #11) with an initial term of 24 month period commencing on approximately June 7, 2016 and ending on June 6, 2018 with monthly

installments based on licensed square feet, due on or before the first day of each month.
Councilman Price opposed based on his opposition to the project.

License Agreement-F.L. Holdings, LLC

The Council approved the request of Steve Dolbow, Incubator Manager to enter into a License Agreement with F. L. Holdings, LLC for Suite #9, with an initial term for a 24 month period, commencing on approximately May 16, 2016 and ending on April 15, 2018, with monthly installments based on licensed square feet, due on or before the first day of each month.
Councilman Price opposed based on his opposition to the project.

Tax Sale Property Offers

The Council approved the offers below to purchase County owned property acquired by tax sale:

<u>Property Address</u>	<u>Bidder</u>	<u>Total Bid</u>
Galestown Delaware Line	William Higgs	\$500
609 Douglas, Cambridge	Justin Ennals	\$100
817 Phillips, Cambridge	Justin Ennals	\$300
602 Edgewood, Cambridge	Justin Ennals	\$400
5232 Airey's Road, Cambridge	Martin Mullaney	\$500

PUBLIC COMMENTS

Calvin Mitchell referenced his prior request for a lower speed limit or hidden entrance sign on Drawbridge Road prior to the pull over to the boat ramp and entrance to his property based on his concerns about public safety in this area due to the blind curve and speeding motorists. Councilman Travers and Mr. Goldman explained that trees in the County's right-of-way area were cut back. Mr. Mitchell showed the Council pictures of the area after this work was completed. Councilman Price noted that the Council did not approve a similar request for such signage on Cedar Grove. The Council agreed to the installation of a Hidden Entrance sign in this area.

COUNCIL'S COMMENTS/ADJOURNMENT

Councilman Nichols advised that one of the reasons for his vote against the the FY17 budget was based on his concern about a possible change in a receptionist position for the Eastern Shore Innovation Center which was different from previous versions of the bill. Mr. Goldman noted that no decision has been made by Council to fill that position. Mr. Goldman said the funds designated for the position are part of the \$100,000 set aside for the Eastern Shore Innovation Center for maintenance and other purposes. He expressed concern about the possible inability to hire someone at that budgeted salary.

Councilman Nichols cited the Council's vote of 3 to 2 to move funds for body cameras as another reason he voted against the budget. He said he shared his belief with individuals who

contacted him that these funds should have been included in budget. He explained that the monies were removed at the request of Sheriff James Phillips, partly due to regulatory concerns. Councilman Nichols noted that the City of Cambridge and other jurisdictions in the State utilize body cameras. He expressed concern about the percentage that the Sheriff's Office budget has increased in the past several years. Councilman Nichols said he is also concerned about borrowing funds for certain projects which may adversely impact the budget in upcoming years. He expressed his appreciation to the Council for working together during budget deliberations. He expressed dismay that for two years in a row an individual representing the Dorchester County Historical Society showed disrespect to Council members at a budget work session, citing his opposition to providing funding to this organization.

Councilman Satterfield said the balanced budget includes salary adjustments for employees. He expressed dismay about the loss of over \$4 million in highway user revenues and that additional monies are not available for County road maintenance and repair. He noted that staffing in the Public Works Department has decreased substantially. He thanked the Finance Office and Council's Office staff for their assistance during the budget process.

Councilman Satterfield advised that it is National Police Officer Week and thanked law enforcement, volunteer fire companies and emergency services responders for their efforts in ensuring public safety. Based on motion made by Councilman Satterfield, the Council agreed to send correspondence to the State Highway Administration regarding ditching needs in the Gootees' Marine/Lakeville area. He shared his cell phone number with the public and encouraged them to call him with concerns and questions.

Councilman Price referenced his opposition to the budget. He expressed his belief that monies should have been allocated for body cameras, noting the City of Cambridge and Town of Hurlock police departments utilize them. He said residents have expressed to him their support for body cameras. He noted the possibility of seeking grant funds to assist in the purchase this equipment. He said he is also opposed to the inclusion in the budget of the consolidation of the Cambridge Police Dispatch Center into the County's 911 Communications Center, citing concerns posed by the public including whether the County will be able to do similar consolidations with other municipalities and about potential future costs. He referenced the the omission of funding for a County Comprehensive Plan update. Councilman Price also expressed dismay about the continued loss of highway revenue funds.

Councilman Bradshaw expressed appreciation to the Finance Office and Council's Office staff for their assistance during the budget process including at budget work sessions. He also thanked the Council. He referred to his first term in office, during which there were employee layoffs. Councilman Bradshaw said he is pleased that the Council was able to include an increase to employee salaries in the budget.

Based on a motion made by Councilman Bradshaw, the Council appointed Charlotte Lankford to the Senior Council as a District 5 representative.

Councilman Travers said a \$57 million operating budget for FY17 was adopted. Councilman Travers thanked staff and Mr. Goldman for their assistance in the preparation of the budget and

during budget deliberations. He said although collectively the Council did not agree on several items, they agreed to disagree. He referenced the employee salary adjustments and the adoption of an \$8 million capital budget, which covers most departments. He said a savings to City residents was achieved by the dispatch consolidation with no additional cost to the County, noting that the municipality is providing funding. He stated that some of the other key items in the budget were the lack of tax rate change and the inclusion of funding for the North Dorchester High School Replacement project. He advised that Council also identified long term goals such as addressing building maintenance needs. He thanked the Council for working together to develop the budget.

Based on information provided by Councilman Travers about possible navigability issues at the beginning of the Taylor's Island Dock, Mr. Moore said he will have staff view that area to determine potential options for improvement.

Councilman Travers announced that the next County Council meeting will be held on June 7, 2016 and the County Council reserves the right to meet in closed session prior to regular session.

With no further business to discuss, the Council adjourned.

ATTEST:

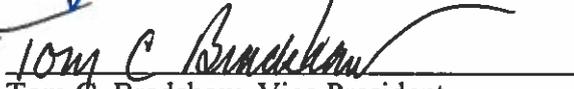

Jeremy Goldman
County Manager

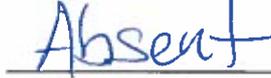

DORCHESTER COUNTY COUNCIL:

Ricky C. Travers, President

Tom C. Bradshaw, Vice President

William V. Nichols

Rick M. Price

Don B. Satterfield
